Overview

2024 International Conference on Future Communications and Networks (FCN) aims to provide a forum that brings together international researchers from academia and practitioners in industry to meet and exchange ideas and recent research work on all aspects of future communications and networks. The second edition of this event, FCN 2024, will be held in Valletta, **Malta**, on **November 18-22, 2024**. FCN 2024 is sponsored by FuTURE Mobile Communication Forum, China, and University of Malta, Malta, and is technically sponsored by IEEE Communications Society. The conference will feature keynote speeches, invited talks, six technical symposia, and workshops.

Topics of Interest

The conference solicits original technical papers that were NOT previously published and are NOT currently under review for publication elsewhere. Prospective authors are invited to submit high-quality papers to the following technical symposia:

- AI-Enabled Communications and Networks
- Edge and Cloud Computing Networks
- Mobile and Wireless Communications
- Mobile and Wireless Networks
- Next Generation Networks and Internet
- Space-Air-Ground Communications and Networks

Please visit the conference website for detailed topics of each symposium.

Paper Submission Guidelines

Papers should be submitted via EDAS (<https://edas.info>). Prospective authors should prepare their manuscripts in accordance with the standard IEEE camera-ready format. Submitted papers must not have been previously published in or under consideration for publication in another journal or conference. The FCN 2024 organizing committee reserves the right not to review papers that either exceed the length limit or have been submitted or published elsewhere. All accepted papers must be presented onsite at the conference. Accepted papers will be submitted for inclusion into IEEE Xplore and then indexed by EI Compindex.
